Our Consulting & Auditing Team

Co-founders of Aviation Safety Compliance LLC (ASC), John Cox and Jim Hosey, are aviation veterans with over 20 years of consulting and auditing experience in Safety Management System (SMS) for the aviation industry, as well as public utilities (gas and electric).

We maintain a diverse clientele in various industries including: Commercial Aviation, Corporate Aviation, Charter Operations, Government, Energy (production of oil and gas), Emergency Medical Services (EMS), Tourism (Air tours), and Utilities (distribution of electricity and gas).

We are certified Aviation Auditors in Safety Management System and compliance programs and conduct operational and internal audits, investigations, and inspections.

Our Aviation Safety Compliance team is well-equipped to lead various types of safety audits and ensure that your operations meet domestic and international accreditation standards.
